

How to be a Voice in May...

Honoring Mothers

● May features the day to honor your mother. On Sunday May 11th, your school can offer something special for mothers. A rose sale sponsored by your campus ministry provides a great service to a parish and to the funds of your campus ministry. The event takes place after morning mass. The flowers are preordered and delivered (amount varies) on either Saturday night or Sunday morning, depending on your florists hours. Request that the roses be individually pre-wrapped. The sale price per rose varies, but is typically increased by \$1.00. You will only need 2 people to conduct the sale. Set up time and take down time is minimal and only requires a table and cashbox. You can choose to advertise this sale in the bulletin and with fliers in the church a week before the sale.

This programming idea was brought to you by the University of Wisconsin Platteville and conveyed to you by the National Catholic Student Coalition .
